SETR2641 AM2R **– 2-Channel Mini Transmitters**

CDVI wireless products (433 MHz) are the perfect solution for many applications like; operate parking lot gates, garage doors, handicap doors or any devices that can be activate by relay. CDVI transmitters offer longer range, up to 250m (820ft), less interference jamming and excellent reliability. Licensed KeeLoq® Rolling Code technology ensures ultra-secure transmission.
